

## WASH AND CARE ADVICE

### CLEANING MARY GWEN BESPOKE COATS

Mary Gwen tapestry coats are made from natural fibres. The outer layer is made from 100% wool tapestry and the lining is made from 100% silk. It is therefore recommended that these items are:

- Professionally dry cleaned only
- Do not wash
- Do not bleach
- Do not tumble dry
- Cool iron

It is the purchasers responsibility to follow care and cleaning advice. Items will not be replaced if they have been cleaned incorrectly.

### STORING MARY GWEN ITEMS

Because Mary Gwen items are made delicate and natural fibres it is recommended they are stored securely by hanging in a protective cover to deter moths, as these creatures love natural fabrics.

### SUMMARY

Composition: 100% wool exterior  
100% lining

Do not wash

Do not tumble dry

Do not bleach

Delicate dry clean

Iron on low heat
